

## SEPTODONT FAQ

---

### 1. General question

#### **What types of conferences can I access on this platform?**

This platform is dedicated to the Septodont Global Pulp Summit, featuring a series of conferences that focus specifically on dental restoration and endodontics. Attendees can explore a variety of live stream led by experts in the field, covering the latest advancements, techniques, and research.

For detailed information about the conference schedule and topics, please visit the **INFORMATION** desk located in the exhibit hall or on the top footer of the platform.

#### **Who are the speakers at the Septodont Global Pulp Summit?**

Answer: The summit features renowned experts in dental restoration and endodontics. You can find the full list of speakers and their bios in the **SPEAKERS** room in the exhibit hall or on the top footer of the platform.

#### **How can I stay updated on future conferences or events organized by Septodont?**

Subscribe to our newsletter or follow us on social media to receive the latest updates on upcoming events and announcements.

### 2. Technical questions

#### **What devices can I use to access the platform?**

You can access our platform on desktops, laptops, tablets, and smartphones.

#### **What should I do if I experience streaming issues?**

Check your internet connection, refresh the page, or try accessing the conference on a different device. If problems persist, contact our support team.

### 3. Content and Features

#### **Can I watch past conferences?**

Currently, we do not provide recordings of past conferences for on-demand viewing on this platform. To stay updated and receive notifications about when you can re-watch the conferences, be sure to subscribe to our newsletter or follow us on social media!

#### **Are there interactive features during live conferences?**

Yes! You can participate in Q&A sessions, via the question box. We will answer some of the questions asked online at the end of every session

#### 4. Privacy and Security

##### **How is my personal information protected?**

We prioritize your privacy and use encryption and secure servers to protect your data.
